1. Section Head: Starting the Process

The municipality section head is the one who's in charge of starting the Site Preparation workflow:

- After looking for a specific document in the advanced search tab, the section head can select the file with 'Services' status that he wants.
- After selecting the appropriate document the section head should press the button site preparation in the toolbar above.
- A message box will appear asking him if he wants to send the request of site preparation to the consultancy agency, If he clicks 'YES' the document will be sent and a message with the new reference number will appear
- The new reference number of the site preparation document will be the same of the original document with '-T' at the end, example: N/2016/000001 – T and same case for the application number.

The screenshot displays the 'Advanced Search' interface for 'Building Permit Request - Inbox'. The search criteria are as follows:

Field	Value
Reference Number	N/2014
Application No.	
From Request Date	
To Request Date	
Request Status	Services
Request Type	
Consultancy Agency	
Applicant User	
PIN	
Zone	

The search results table is as follows:

Reference Number	Category	Application No.	Status	Itr.	Request Date	Municipality	Number Of Buildings	Project Type	PIN
N/2014/0000096	New	1/2015/1558	Services	22	24/11/2015	AL Doha Municipality	2	Governmental	3701
N/2014/0000062	New	13/2015/123	Services	39	20/04/2015	Al Daayen Municipality	7	Large Projects	7021

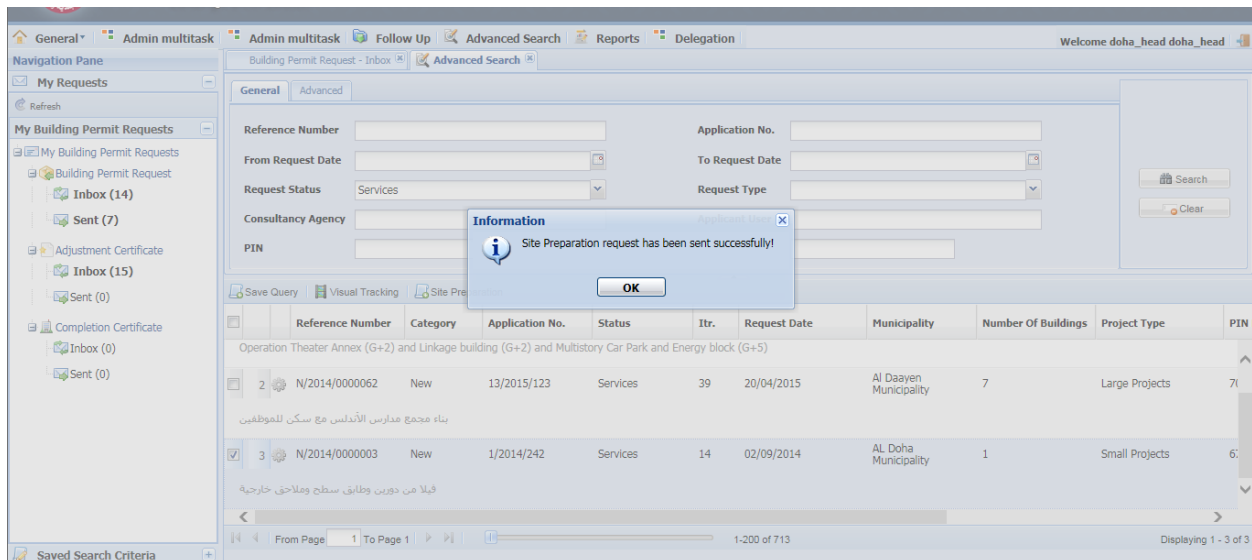

Figure 3- Section Head Interface: Request has been sent successfully

Notes:

- ✓ If the selected item wasn't in the appropriate status one message box will appear telling that the selected document is not in Services stage.
- ✓ If he selects more than one item another message box will appear telling that selecting more than one item is not allowed also if no row is selected it he will see another message box.
- ✓ This process is not allowed if the document has already a site preparation request.

2. Consultancy Agency

Once the consultant opens his account he will find the 'Site Preparation' documents sent by the section head on the Building permit requests inbox with the new reference number we talked about in the previous section.

The consultant opens the received document and he will apply the below steps:

- Uploading the attachments of the Site Preparation:
 - i. Written consent of the concerned municipality administration.
 - ii. Surficial Report.
 - iii. Commitment of Contractor and Consultant and Owner.
 - iv. Commitment from the contractor and consultant and owner abide by the terms of temporary license to operate until the ground level, and assume responsibility for any change may knock during the completion of the building permit procedures.
 - v. Identify reviewing Roads Department to determine the street level.
- Sending the document to the municipality where the section head who started the process belongs.

The screenshot shows a web application interface for a consultancy agency. At the top, there are navigation tabs: General, Services, Meeting Management, Advanced Search, Consultant Profile, and Search PIN. Below this is a 'My Applications' section with a dropdown menu set to 'Building Permit'. There are filters for Draft (8), Inbox (3), Accepted (0), Rejected (0), and Sent (19). A 'Filter Inbox' section includes a 'Clear Filter' button and input fields for 'Reference Number' and 'Required Works'. Below the filters is a toolbar with icons for 'Unlock', 'Dismiss Copies', 'Status Filter', 'Visual Tracking', 'Pending Request', and 'Permit Delivery'. The main area is a table with the following columns: Category, Application No., Status, Itr., Request Date, Transferred From, Transfer Date, Transfer Notes, and Municipality. The table contains several rows, with the first row highlighted in red:

Category	Application No.	Status	Itr.	Request Date	Transferred From	Transfer Date	Transfer Notes	Municipality
Site Preparation	1/2014/242 - T	DC1 Approval	0		doha_head doha_head	04/09/2016 17:25:05		AL Doha Municipality
New	1/2015/1186	Services	28	29/08/2015 12:54:40	doha_head doha_head	18/08/2016 17:46:08		AL Doha Municipality
New		DC2 Approved	3	27/08/2016 04:17:00	doha_coord1 doha_coord1	27/08/2016 04:19:32	reply to applicant: init1	AL Doha Municipality

At the bottom of the interface, there is a pagination bar showing 'Page 1 of 1', 'Page Size 10', and '1-3 of 3'. The status 'Displaying 1 - 3 of 3' is also visible.

3. Coordinator

The Coordinator will receive the document sent by the consultant and after checking the attachments and the document information, he can:

- Send the document back to the consultant for modification if it's needed by clicking the button 'Reply to Applicant'.
- Issue the request if there's no need for the modification

He can select the received document and press the button Issue Permit, to get the Building permit delivery page where he should fill the mandatory data and issue the permit.

The screenshot displays the 'Building Permit Request - Inbox' interface. On the left is a navigation pane with categories like 'My Requests', 'My Building Permit Requests', 'Adjustment Certificate', 'Completion Certificate', and 'Electricity Load'. The main area shows a table of requests with columns: Category, Application No., Status, Itr., Request Date, Transferred From, Transfer Date, and Transfer Notes. The first row is highlighted with a red border.

Category	Application No.	Status	Itr.	Request Date	Transferred From	Transfer Date	Transfer Notes
